GLENDALE ADVANCEMENT ASSOCIATION HEARS OF HOTEL PROJECT PROGRESS

Bonus Line Ready to Start Construction as Soon as Pledges Are in Hands of Bankers Under Trust for Road

NO REPORT ON POSTOFFICE SITE

Believe Re-Subscriptions Will Follow the Reorganization of the Plan for a Hotel on the Old Site

The gathering at the B roadway Inn Tuesday noon did not seem like a meeting of the Glendale Advancement association, for C. W. Ingledue, the president, was absent. He had returned from a Y. M. C. A. conference at Asilomar with a hard cold, and was confined to his home recuperating from it.

Mrs. Tight was elected chairman pro tem, but declined the honor on the plea of a cold, and Herman Nelson was unanimously chosen in her stead.

No new business was transacted. Charles Stanley

PASADENA POST WONDER BOOK OF TOURNEY HERE

Fifty-six Pages of Views, It Is a Marvel of Photographic Art

In publishing a 56-page, wonder-fully-illustrated book on the recent tournament of roses in Pasadena, showing many views of this remarkable floral display and also numerous views of football classic between the University of Southern California and Penn State teams, within 16 hours after the close of the festival, the Pasadena Evening Post smashed all records with regard to any publication ever issued in connection with any rose tournament ever held in Pasadena.

This publication is admittedly the most handsome rose tournament souvenir ever issued. All of the illustrations are done in the very finest of half-tones, heavy book paper being used to bring out the excellence of the reproductions. This souvenir is just the thing to send to the folks "back east." In addition to showing all the leading floats that were in the parade and numerous pictures of the "big Rose Bowl," and also the teams in action, this book shows many beautiful scenes of Southern California, and views in and around Pasadena. It gives, also, a glimpse of the rose tournaments of former days, with illustrations of the prize winners of the long ago.

This souvenir issue is one which will make the folks in the frozen east sit up and do a little real thinking. The fellow who wants some particular eastern friend or relative to come to the Golden State could do no better than to send him one of these books, which shows exactly how Southern Californians spent January 1, 1923. It is at the same time alluring and enlightening. It carries a message that cannot go unheeded. It is for sale in Glendale at 25 cents per copy.

SUSPICIOUS ACTS RAISE THE POLICE

Saved—one sack of spuds! Here's how:
At about 5:20 o'clock this morning Mrs. L. W. Bosserman, 614 S. Central avenue, called the Glendale police department and stated that there were two suspicious looking fellows standing on the street near her home. They were looking up the street and several times they whistled as though signaling to a pal.

Immediately upon this information the desk sergeant at the station detailed a man to the case and this officer hurried to the scene. Between the time this officer left the station and arrived at the corner of Central and Riverdale, a machine drove along and picked the two men up, continuing south on Central.

The officer arrived, but could find no one. However, in his search of the neighborhood he found a sack of potatoes lying on the street near the Central and Riverdale corner.

The spuds are now at the police department awaiting claimants.

UTAH BOY FOUND

Billy Clays, 15, who ran away from his home in Salt Lake City several weeks ago, is living in Glendale under the name of J. I. Brown. According to information received yesterday by the Glendale police, who are asked to look out for him, Clays has also been traveling under the assumed name of John Green. This request was made by R. P. Clays of 923 West Fourth street, Long Beach.

Postoffice Does \$151,000 Business During Year of '22

Assistant Postmaster Hallett reports that postoffice receipts for the year total about \$151,000, or 50 per cent more than last year when the total was only \$104,000. This he considers the strongest proof of the growth of the town and increased business transacted here.

The receiving and distributing station at the high school was closed New Year's Day and the pile of undistributed Christmas packages delayed because of imperfections in the addresses, has been considerably diminished. All the Christmas letters and cards have gone out, he says. One reason for delay in discovering whereabouts of some of the rightful owners of delayed packages is the duplication of names.

Officials say there are, for example, more than fifty Smiths listed in the telephone directory besides those who have no telephones, and when packages are addressed to a Smith with no street or number to serve as a guide, a large number have frequently to be interviewed before the right one is found.

CITIZENS BUILDING IS SOLD

W. B. Kelly Announces Closing of Deal for Approximately \$90,000

L. A. PURCHASERS

No Change in Leaseholds Is Contemplated by New Owners

W. B. Kelly, the realtor at 106 West Colorado street announced today that rumors to the effect that the Citizens' building at 150 and 154 South Brand boulevard has been sold, are true.

He says it was a cash deal, involving "upwards of \$90,000," and that the buyers, William Gumbiner and L. H. Gumbiner, brothers, are Los Angeles capitalists noted for shrewdness and conservatism. To Mr. Kelly the transaction demonstrates that outside capital is now ready for investment here.

Mr. Kelly declared no immediate changes in leaseholds are contemplated by the new owners who have excellent tenants in the chamber of commerce, Glen Inn and Newton Electric company. The building has a width of practically 52 feet and a depth of 120 feet and was erected by a company in which C. C. Cooper and E. U. Emery were heavy stockholders.

REGULATION OF PEDDLERS TO BE RIGID

Police Chief Fraser Asks Power to Control Itinerants

Chief of Police Fraser appeared before the city council Tuesday night and asked that stricter regulation be placed upon solicitors and peddlers within the city of Glendale. He said that during the past few weeks cases had come to his attention where residents of this city had been cheated by outside peddlers who came in here with the intention of taking as much money out of Glendale as they could regardless of how they got hold of it.

Chief Fraser asked that these fellows be compelled to furnish satisfactory references. As it is now Clerk Van Wie is compelled to grant permits to all those who apply. The council decided to have every applicant secure the O. K. of the chief of police before being granted a permit by the city clerk, and City Attorney Shaw was instructed to draft an amendment to the license ordinance to this effect.

VICTORIOUS FLOAT COST IS \$781.00

Deficit of \$71 Is Found by Committee in Charge of the Work

REWARD FOR CHOBE

Citizens and Organization Thanked for Aiding in Success

The float committee met last evening to transact further business in connection with the Glendale float. The treasurer reported \$710 collected to date, as follows:
City of Glendale \$250
Glendale Chamber of Com. 250
Elks' Lodge 25
Kiwanis Club 25
Rotary Club 25
Exchange Club 25
Glendale Advancem't Ass'n 25
Knights of Columbus 25
Glendale Realty Board 25
Masons Blue Lodge 10

The bills presented amounted to \$781, leaving a deficit of \$71, without an allowance for Mr. Chobe. The committee wishes to thank the organizations that have responded to the appeal, and hopes that the other twenty or more organizations will contribute their share, thus providing sufficient money to care for the remaining bills and something for Mr. Chobe, who has done more to advertise Glendale than could be accomplished by many times this amount expended in any other way.

The committee also wishes to thank others who have helped in different ways. The W. R. Naylor Motor Co., 129 South Maryland avenue, gave us permission to use their garage for building the float and made no charge. Jesse E. Smith furnished the tractor. The Glendale Groceries gave three pounds of coffee, six cans of milk, eight loaves of bread and four pounds of butter. Tom White of the Groceries Market gave five pounds of ham. The Quality Grocery, 142 North Brand, the Fancy Bakery, West Broadway, the Bakery, 518 East Broadway, the White Star Market, 121 East Broadway, the Basket Grocery, 108 East Broadway, Zaun's Market, 230 East Broadway, A. R. Taylor, 318 East Broadway, and the Glendale Market, 632 East Broadway, also contributed liberally to the lunch that was furnished the workers and decorators on Saturday and Sunday.

Workers: Mrs. Thomas Addison served lunch. Jim Gonzales and George Fraley were the driver and operator of float. C. E. Vanduzen, carpenter, put in much overtime. The float committee: J. G. Huntley, P. L. Ferry, L. W. Chobe, E. F. Sanders, Harry Rogers.

The committee also appreciates the work that was done by the many Glendale citizens who helped in decorating the float, and wish to thank them for their generous response to the call.

NEW BUNGALOWS TO BE BUILT FOR PUPILS

Accommodations for 55 at Glendale Intermediate Ordered

At sessions of the board of education held before and after the conference with members of the school advisory committee Tuesday evening, Business Manager Black was authorized to secure bids for two new school bungalows, one to be built on the Glendale Avenue campus to provide accommodations for 55 pupils who will be promoted from elementary schools.

The other bungalow is being considered for the Broadway campus, but definite action with regard to it is yet to be taken. The incoming class at Wilson Avenue will number 98, but it will be more than offset by graduates numbering 103.

These bungalows are to be the portable type and one for Glendale Avenue school is to be built with reference to its use next year as a kindergarten on the Acacia campus.

The question of additional teachers for the opening of the February term, also discussed and Business Manager Black was asked to prepare a statement of funds that would be available for the meeting of the board next Tuesday evening that it might determine how many it would be able to employ. Superintendent White stated that four new teachers would be needed.

OFFICERS HAB REAL CRIMINAL

Ralph Geyer, Alias Bennett, Cogswell, Maynard, Caught

HAS REAL PAST, SAID

Loot, Stolen by Geyer, Is Found in Los Angeles

In the capture of Ralph Geyer, 24, of Tacoma, Wash., who when arrested gave his name to the local police as James Bennett, and who, police claim, has also been traveling under the names of R. W. Cogswell and George Maynard, Patrolmen Connors and Nunn bagged a "bad egg," according to Chief of Police Fraser, who states that Geyer has made a remarkable confession of crimes committed.

Geyer was arrested in Chicago for burglary, according to Chief Fraser, and was sentenced to serve from one year to life. After serving seven years he was released on probation. On July 22 he was arrested in Los Angeles for burglary and was sentenced to serve 160 days, which he did, Chief Fraser states. Geyer arrived in Los Angeles from Chicago on June 13. The police records state further that when arrested Geyer had in his possession tickets for two satchels, which had been checked with the Pacific Electric company from third to second class officers, which step upward would carry with it an increase in pay of \$7.50 per month. The council members, Chief Fraser said this morning, had informally agreed to the promotion, and formal action is expected to be taken Thursday night at the meeting of the council.

Irick Vaughn of Lawley, Texas, who was arrested along with Geyer, will probably be released, if the recommendations of Chief Fraser are carried out. It is believed he was simply a tool of Geyer.

VERDUGO HILLS BOY SCOUTS TO MEET

To Hold First Annual Gathering in Citizens Building, Friday

The Verdugo Hills District Council of the Boy Scouts of America will hold its first annual meeting in the banquet hall of the Citizens Building, Friday evening, January 12.

A special committee, consisting of Richardson D. White, Glendale; Dr. Harry B. Crawford, Eagle Rock; and R. W. Colburn, Burbank, met today noon with Scout Executive Harold Benner at the Glenn Inn to discuss plans for the program. As soon as these plans have been completed they will be published in the local newspapers. It is thought, however, that this annual meeting of the council will be one of the most enthusiastic assemblies that has ever been held in honor of the boyhood of the district. The past year has been the greatest year in the annals of the local Boy Scouts. The membership has been increased over 200%.

L. W. CHOBE TO BE HONORED BY GLENDAL

Designer of City's Victorious Float to Receive Token of Esteem

A special meeting of members of the Chamber of Commerce was held at the chamber this morning to consider the giving of a testimonial to L. W. Chobe in recognition of services to Glendale in the designing and executing of the winning float at the Tournament of Roses on New Year's Day, and other floats in the past which have received prizes.

Jesse Smith, president of the chamber, presided at the gathering at which were present: City Manager Reeves, Earl Pendroy, Daniel Campbell, J. G. Huntley, W. E. Hewitt, Secretary Rhoades, Assistant Secretary Sanders, A. T. Cowan and others, before whom Mr. Chobe presented the report of the float committee showing that all expenses of the float had been covered except \$50 which has already been guaranteed by public spirited citizens who are proud of what Mr. Chobe has accomplished. Mr. Hewitt, Mr. Reeves, Secretary Rhoades and others voiced the universal desire that some practical expression of appreciation be given Mr. Chobe personally by his proud fellow townsmen and it is possible that in addition to the voluntary subscriptions already tendered an opportunity will be given all citizens to contribute through the newspapers to a fund to be created for the purpose of showing this appreciation, though all present agreed that Mr. Chobe's service was of a character which could not be paid for in dollars and cents, and which had been given as a matter of loyalty to his beloved city.

GARBAGE NEGLECT ON NORTHWEST IS REPORTED

City Manager Instructed by City Council to Investigate Complaints

City Manager Reeves was instructed to look into the question of collection of garbage in the northwest part of the city. Complaints have been received that rubbish and tin cans have never been collected in that section of the city and that for several weeks garbage has not been taken up. Residents have been unable to secure any service from the regular city employees in charge of supervision of the contractors.

BICYCLES STOLEN

Two bicycles were stolen yesterday. One belonged to Marvin Martin, 1023 Mariposa, and it was taken from the Glendale Avenue Intermediate school at about 3:15 o'clock. The other bike is the property of Roper Crawford, 712 South Louise street. This was taken from the Cerritos Avenue school at about 10:30 o'clock yesterday morning. Nothing has yet been heard as to the whereabouts of the missing wheels.

CHAMBER OF COMMERCE TO HELP LAND HOTEL ON EAST SIDE OF CITY

Committee to Cooperate Is Authorized at Meeting of Board of Directors Held on Tuesday to Consider Project

\$45,000 IN CASH ACTUALLY RAISED

Ten Thousand Dollars in Material Is in Hand and the Remainder of Expected Amount Is to Be Secured as Soon as Possible

A committee of 20 members of the Glendale chamber of commerce will be appointed by President Smith to assist the hotel committee of the Glendale Advancement association in putting over the present hotel proposition. Such a committee was authorized at the luncheon of the chamber on Tuesday.

P. J. Hayselden and C. S. Stuart, both members of the two organizations in question, addressed the board and asked that that board back up the hotel committee of the Glendale Advancement association. They stated that \$45,000 in cash subscriptions both new and old had been received, in addition to \$10,000 in material. They claimed they have a company to put up the hotel just as soon as they secure the lot.

R. F. Kitterman stated that he was not in favor of the chamber of commerce going on record as favoring the purchase of any land except for public purposes. W. E. Hewitt stated that although he favored the building of the hotel in the east side or any other section of Glendale, he was opposed to this proposition in its present form.

The motion that a committee of 12 be appointed was made by George Bentley. The vote was as follows: Ayes, Directors George Bentley, D. L. Gregg, P. J. Hayselden, Jesse Smith, L. H. Wilson, C. S. Stuart; Nays, Vice-President Hewitt and Director Kitterman.

The secretary was instructed to draft a resolution commending L. W. Chobe on his excellent work in erecting the Glendale float, which took first award in the Rose tournament in Pasadena on New Year's day. A motion to this effect was made by P. J. Hayselden. President Smith was instructed to appoint three members to the directorate of the Associated Chambers of Commerce of the San Fernando valley.

It was decided to draft a resolution to be sent to Director A. R. Eastman, expressing the sympathy of the board for Mr. Eastman in the illness of his father. The board decided to extend an invitation to Judge Rex B. Goodell of Los Angeles to speak before the chamber of commerce on January 11 or 12 on the subject of income tax.

President Smith assured Director Wilson that the chamber will do everything it can to assist in the creation of a park in the south end of the city. The San Fernando Boulevard Improvement association is now working on a proposition of converting the old Cerritos avenue school ground into a public park.

President Smith welcomed those recently appointed as chairmen of the different chamber committees, and in turn they signified their willingness to take up the work assigned to them. These chairmen were as follows: Civics, George B. Karr; publicity, W. L. Twining, represented by H. S. McCormack; membership, C. S. Stuart.

SPARR HEIGHTS OWNERS OFFER SCHOOL LAND

Francis-Barnum - Walters
Co. Make Proposition to
Advisory Committee

The following offer of land for the construction of a school in the new Sparr Heights subdivision, was read at the meeting of the board of education last night and commented upon favorably:

"Mr. R. D. White, Supt.
"Dear Sir:
"Supplementing our previous letter to you relative to a school location in Sparr Heights and at the request of a sub-committee of your committee of fifteen, we are writing you as follows:
"We will sell the city of Glendale the school site designated on the attached map for the sum of thirteen thousand six hundred dollars (\$13,600). We will sell this tract to you without cash payment, nor will we require any payment during a period not to exceed 24 months. Provided one thing, however, viz: that the school board shall obligate itself to take over and pay for said property within the two years, to improve the premises with adequate school buildings. Should you not take over the property within the next 12 months, we think it proper that your board shall add to the above price an amount equivalent to the taxes for that fiscal year, the 1922-23 taxes being already paid.

"Relative to price we beg to advise you that the street and curb improvements, including water and electricity, properly chargeable to this location will cost us approximately \$5115 and that therefore the price quoted you is extremely low. You, of course, well know that we could retail in lots, this tract of ground for not less than three times as much as we are quoting you.

"We are given to understand that action will be taken relative to this proposition within a period of 90 days.

"Respectfully yours,
"Francis-Barnum Walters Co.,
"By—M. Walters."

GLENDAL ELKS TO CONFER WORK AT LONG BEACH

Accept Invitation From
Coast City to Handle
Candidates Monday

At the business meeting of the Glendale lodge of Elks No. 1289, held at the clubhouse Tuesday night, an invitation was accepted from the Long Beach chapter to confer the ritualistic work on a class of candidates at that lodge on Monday night, January 15. The Glendale lodge will meet at 6 o'clock for a short business meeting and leave by Pacific Electric cars at 7 o'clock for Long Beach.

A surprise was in store for the members last night when the directors and officers dedicated a new concert grand piano which had been secured for use in the lodge and orchestra. A splendid concert was given by Miss Myra Belle Vickers, musical instructor of Los Angeles and Hollywood. She also presented the members of her Hollywood women's double quartet.

Last night's meeting was attended by 250 members. Announcement was made that the regular monthly dance given by the local lodge of Elks will be held on January 20 and will be for the benefit of the Glendale Elks Band.

The comedian's invalid wife eagerly awaited her husband's return from the first night of a new piece. As he came in she inquired impatiently:

"Were you well, applauded, John?"
"Appauded!" replied he. "They made as much noise as a caterpillar with rubber heels crawling over a carpet."

FANS WILL WATCH NEW MANAGERS

By HENRY L. FARRELL
United Press Sports Editor

NEW YORK, Jan. 3.—Three new managers with widely varying chances, for success will turn clubs into the 1923 pennant races. For Arthur Fletcher and Donie Bush it will be a chance to make a name; for Frank Chance it will be a case of living up to a name.

Donie Bush, of the three, is the only one to be congratulated.

Success means failure in Philadelphia. If you win with Baker's National League club, you lose. If you get a pennant for Baker like Pat Moran, you get the gate from Baker.

Such a proposition and even worse, because he has only the material to fall with is what Arthur Fletcher is up against. The Phils are a tail end club and a poor one at that. They were not a cellar holder last year, because the Boston Braves had the worst string of luck in years and forced the Phils into seventh place.

Liberal spending and patient building are the only hopes for the Phils. Art Fletcher is a smart ball player and in three or four years with help from Baker he might build up a team.

Fletcher, however, has a one year contract. That tells the whole story.

Hugo Bezdek turned down a \$20,000 offer to manage the Pirates and the fans said: "Wise old boy."

Fletcher accepted (not for \$20,000) and the verdict was: "Poor old Art."

Washington had nearly everything a fine ball club needed last season but a fighting heart. Looking for some manager to improve the club, Clarke Griffith picked a fighter—Little Bush. Clyde Milan and McBride were fine fellows, but they were quiet and easy going and they speared that atmosphere on the bench. Roger Peckinpaugh was considered as a helmsman, but he, too, lacked the aggressiveness of a Gleason, Cobb, McGraw or Speaker. For a combination of brains, experience and spirit, Bush was picked and he seems an ideal selection.

Many critics this time last year thought that the Senators would be two, three or four in the 1922 race, but they failed simply because they did not get up and go after 'em.

Bush has practically the same material to handle with one year added on them. One year may or may not mean a lot with Walter Johnson, but it should not cause the other members of the team to go back much.

The Senators are a fast team, they have good pitchers and if Bush can get them to bear down and rear up, he ought to be a winner.

Frank Chance, the "Peerless Leader" of the old Cubs, says he'll be satisfied if gets the Boston Red Sox in the first division in four years.

Everyone else ought to be satisfied, too.

Chance has only a year's contract, but he's satisfied that he'll make enough improvement in one year to get another one.

He hasn't a thing to work with at Boston—and, strange to say, he maintains that is what appealed to him.

"When the Cubs were in their glory they used to say that anybody could manage that team, that it managed itself, and I was just the foreman," he said recently. "Well, if I do anything with the Red Sox they can't say I worked with a hand picked team."

As long as Harry Frazee works for the cash only, the Red Sox will never have a picked team, but they will always have a hand-plucked team.

STAR AUTOMOBILE LA CRESCENTA ARRIVES IN THE CITY

Formal Opening of Dilley
& Armstrong Scheduled
for January 3

The Star car is in Glendale. The formal opening of the firm of Dilley & Armstrong, 115 West Harvard, dealers of the celebrated Star, which caused such a flurry during the recent automobile show in Los Angeles, will be held on Friday and Saturday, January 5 and 6. Messrs. Dilley and Armstrong believe that in the Star they are offering the prospective motor buyers of Glendale the biggest automobile value on the market today. This wonderful little car, although it has been on the market but a short time, is already making a name for itself.

This firm promises immediate delivery on all models, and can also take care of the buyers of the Star in the way of parts and accessories.

All models of this car are on the showroom floor of this firm now, for the inspection of those desiring the "very best" light car. Both of the members of this firm

LA CRESCENTA, Jan. 3.—The first meeting of the La Crescenta Improvement association for 1923 will be held Thursday night, January 4, at the school auditorium. C. E. Culbertson, newly elected president, will have charge. Committeees for the coming year will be appointed and many improvements for the valley discussed. All members are urged to be present and to bring a new member.

At a political gathering in England an orator waxing indignant said, "To ridicule the idea of this country being invaded is to follow the example of the camel, which buries its head in the sand when an enemy approaches." The rival speaker rose and retorted: "Surely the gentleman in giving utterance to this apothegm must have meant to refer to the ostrich, which, in those circumstances, has a habit of putting its eye through a needle."

Have moved to Glendale and their slogan is "Live in Glendale and be happy."

CRIPPLED COACH CANNOT LEAVE WHEEL CHAIR BUT HE TURNS OUT WINNING FOOTBALL TEAM

Howard G. Cleveland of Modesto, Calif., is probably the only crippled football coach in the world. He is paralyzed from the waist down, but his interest in gridiron affairs is so keen that he overcomes his great handicap. He has been coaching local teams for years, and in every case they have made good records. Cleveland last season coached two Modesto eleven.

There had been a row in the works and two men were discussing it.

"And what did Hogan say when Kelly called him a liar?" said one.

"Nothing much."

"Why, that's funny," said the first. "Hogan used to be a mighty hot-tempered fellow."

"Well, he never said a word, except, 'Have ye had enough yet?'"

A soft answer will not turn away the man who is in love.

C. OF C. SAYS USE COUNTY, STATE ROAD FUNDS

Endorses Resolution Submitted by Huntington Park for United Action

At its meeting Tuesday noon the Glendale chapter of commerce adopted a resolution, such as was adopted by the chamber of commerce of Huntington Park, California, a short time ago, this being to the effect that laws be passed by the state legislature which would enable state and county funds to be expended for the construction and maintenance of roads which are the connecting links between the boulevards and highways in the state of California.

The resolution is as follows: Adopted by the Huntington Park chapter of commerce, Huntington Park, California.

Whereas, certain streets in every town in California are necessarily connecting links to the boulevards and highways in the state of California; and

Whereas, increased transportation of freight over these streets going from town to town as well as increased travel of passenger motor buses constitute a large part of the traffic over these certain streets; and

Whereas, the present law does not provide for any help from the state or counties in the maintenance of these streets; and

Whereas, each town must bear all expense of the upkeep and maintenance of these streets; now, therefore, be it

Resolved by the Huntington Park chapter of commerce in regular board of directors meeting assembled the 14th day of December, 1922.

That we do endorse and recommend to the members of the state legislature an amendment to the act of state law enabling the state and counties to contribute funds toward the expense of building and maintenance of these certain streets forming these connecting links to the state highway and county roads.

That copies of these resolutions be forwarded to the state representatives of Southern California and to the secretaries of the chambers of commerce urging endorsement of such a measure.

The resolution was forwarded to the Glendale chamber by LLOYD L. KING, President Huntington Park Chapter of Commerce.

NATIONAL DEBT VS. NATIONAL WEALTH

The British Empire has the largest national debt of all the powers. The staggering figure is \$46,725,313,000. Her national wealth, \$100,000,000,000, is second to that of the United States, which has a national wealth of \$250,000,000,000, and a national debt of \$23,956,523,000, equal to about half of the British Empire's.

The national debt of the United States is, therefore, 6.9 per cent of its national wealth, while the corresponding percentage for the British Empire is 26.

The size of the national debt of France is not far behind that of the British Empire. The figure is \$41,683,020,000, and, since France's national wealth is \$100,000,000,000, the national debt is 41.7 per cent of the national wealth.

Italy has the largest percentage of all; her national debt is 59.5 per cent of her national wealth. However, her national debt is only \$30,000,000,000, which is \$5,000,000,000 more than that of Japan. The national debt of Italy is \$17,846,400,000.

Although Japan has a national wealth of only \$25,000,000,000, the percentage of national debt of national wealth is 7.1, because her debt is only \$1,763,500,000.

China: National wealth, \$53,000,000,000; national debt, \$1,885,600,000; national debt is 3.6 per cent of national wealth.

National Debts Per Capita: United States (mother country) \$225, including dependencies, \$202; British Empire (mother country) \$341, including dependencies, \$100; France (mother country) \$1,005, including dependencies, \$458; Italy (mother country) \$486, including dependencies, \$459; Japan (mother country) \$32, including dependencies, \$23; China (mother country) including dependencies, \$5.

They were finishing up their wedding tour at Monte Carlo, and, of course, paid a visit to the casino. For some time they stood hesitating and at last the lady said, "I must risk one £5 note. Do give me one and I will put it upon the number of my age." The husband was inclined to be skeptical, but, after much grumbling he handed over the note, which was deposited on No. 24. No. 23, however, proved to be the lucky number, and the lady gave a gasp of despair. "Serve you right," said her husband. "If you had told the truth you would have won."

At the Theaters "TRIFLING WOMEN" AT THE GLENDALE THEATER

Barbara La Marr, the beautiful girl who came into screen prominence as Antoinette de Mauban in Rex Ingram's production of Metro of "The Prisoner of Zenda," is now gaining greater laurels in this director's production of "Trifling Women," presented tonight, Thursday and Friday at the Glendale theatre. She finds in acting the third career which she has followed with distinction and success; and she is only twenty-four.

First as a dancer, she began her career at the startling age of seven, continuing on up until she was ranked high on the list of America's interpretative dancers at the age of seventeen. She varied ballroom dancing with appearances on the Orpheum circuit, but circled always back to the center of theatrical life — New York. She had all this time cherished a secret desire to write and she determined to go West and try her skill. Working on a novel, "The Mother of His Children," she caught the attention of the Fox studio head, who undertook to convert the story into a picture. It was a success and Barbara La Marr was signed to do six stories. When she had done them, the old restlessness came back. Someone, at the psychological moment, let drop the suggestion that she, being beautiful, should go into the acting end of pictures.

"TESS OF THE STORM COUNTRY" DRAWS BIG HOUSES

Five great big smashing houses of more than 2700 people greeted the new "Tess of the Storm Country" at the T. D. and L. theatre, Tuesday. Apparently hundreds of local movie fans have been waiting for this stellar attraction, for at every performance they jammed into this playhouse like a flock of sheep.

Before the show opened at about noon the ordinary decorations of the theatre lobby were completely hidden by special scenery, arranged expressly for this show. So immense was the crowd that most of this was torn down in the mad rush to secure tickets and to gain admittance to this show. Manager Allen's ability was taxed to the limit in the handling of the crowd.

It is confidently predicted by most of the best versed critics that this 1922 model of "Tess of the Storm Country," featuring Mary Pickford, is going to be a popular attraction for decades to come, and that future generations are sure to cherish the memory of this great artist through her stellar historic work in this one production. This play is on again today and tomorrow at this popular play house.

It was a proud morning in the life of Jenkins, junior. He had been in that barber shop to taste the same joys of homely hair cuts and shampoos, but today, having observed through his hand mirror an incipient hair or two on his upper lip, he was going to be shaved.

Calmly he took possession of the operating chair, the towel was placed beneath his manly chin and then—horror of horrors!—the door burst open and in stalked Biggs and Bazzo, who were employed in Jenkins's office.

In amazement and astonishment they regarded their colleague. "Shave, sir?" inquired the barber of the horror-stricken youth.

"N-no!" blurted Jenkins, in desperation. "F-face washed, please!"

A Chinese editor enclosed a rejection slip, when returning contributions, which read as follows: "We have read your manuscript with infinite delight. Never before have we revelled in such a masterpiece. If we printed it the authorities would take it for a model and henceforth would never permit anything inferior to it. As it would be impossible to find its equal within 10,000 years, we are compelled, though shaken with sorrow, to return your divine manuscript, and for so doing we beg 10,000 pardons."

POINTED PARAGRAPHS

About the busiest thing on earth is an idle rumor.
The bread of idleness often causes mental indigestion.
Woman's tears and a dog's limp are not always what they seem.
Some men delight in telling the truth for the purpose of stirring up trouble.
After making a lot of good friends many a man goes into politics and loses them.
Instead of seeking the man the office is kept busy trying to pick him out from the crowd of applicants.

ART AND ECONOMY IN HOME BUILDING

Design Submitted by the National Builders' Bureau

FIRST FLOOR PLAN HUNDRED SECOND FLOOR PLAN HUNDRED

An Imposing Home With Spacious Porches

This house plan provides ten rooms, of which four are sleeping rooms, not counting the unusually roomy sleeping porch.

The living room is 14x24, thus providing ample space for the needs of a large family.

The first floor contains also a sun parlor, a small library and a cozy breakfast nook.

Five large clothes closets are provided for on the second floor. The delightfully spacious porches are also a feature.

The above plans are furnished by the National Builders' Bureau, of which the Bentley-Schoeneman Lumber Co., 460 West Los Feliz Road, are the exclusive agents. The details and prices for the construction of any building which may appear on this page can be obtained from the Bentley-Schoeneman Lumber Company, free of charge, by any one desiring the same.
